Bright young college girls ages ((18-22)) - we need you for modeling gigs asap - cash pay \$300-500 - no experience needed for this work.

It is hard to find the type of gorgeous girls we are seeking. These days so many girls have tattoos and peircings or wild colored hair, finding girls with a clean and wholesome look is tough. That being said for the limited number of potential models there is a competitive market. This is the reason we pay soo much and offer girls compensated travel and 5 star accomidations where needed.
