

# Wedding PHOTOGRAPHER NEEDED (kansas city mo)

Location **Kansas**  
<https://www.genclassifieds.com/x-259029-z>

We have a client in Kansas City, MO that is looking for a wedding photographer for May 30, 2015 - budget is \$1000-\$2000. If interested in contacting this client, please check out the link below.

We are looking for wedding photographers and videographers all over the USA to provide custom quotes to brides when they post bid requests to our wedding photography job board. This is not a pay for bid or lead program - our job board is a free service while we build our brand, so take advantage of it while you can.

Photographers & videographers who are members of our photographer network receive email notifications of incoming jobs and place a bid if interested. Brides will then contact you via your website or securely through our site.

If you are interested in receiving notifications of jobs as they post to your area, please post a photographer profile on My Bridal Pix. Your profile will be reviewed and if you are a good fit for our network, your profile will post to our directory. You must have a website and examples of your wedding work to be accepted. Having a profile allows you to bid on jobs and you will also be featured in the new photographer directory.

If you have any questions at all, please feel free to contact us. We are here to help.

Thanks for your interest! We hope to see your profile soon!
