I am looking for a Muscian who has the ability to create rifts or musical incumpetment to a song I am writing. This is just a fun little project, but it might turn into a good song. All I can offer as payment is the pleasure of creating a song. If you have free time, and I have a free time. Why not create a song?

Just me know if this is something you would be intersted in. I would be the vocalist, I'm just looking for an excellent beat maker.

I'm thinking something Edgy and Dark.

Here are the first three lines:

I feel blind all the Time.

I'm feeling all the oceans Tides.

I see the Moon, Oh, Let it Rise.

Let me know! It would be a joy to actually make a professionlly done song. Not just me singing.

Sincerely,
