Looking for a real couple (somewhat attractive, don't need to be models!) who are comfortable showing affection, i.e.: hugs, kisses, you know pda ;-) for some beautiful images. If you are fun-loving and love to laugh together, that helps too! Whether you're dating, engaged, or have been married for some time, I just want to capture loving moments of you two together in a beautiful scenic spot. You will receive high resolution edited images with a print release of the session for your personal use in exchange. Message me and I'll send you some samples of my.
