Hard Rock outfit Adherence is in search for a bass player to finally complete its line up. 2015 is going to be a huge year for them for they need someone that's over 21, has show/touring experience, transportation, their own gear and is extremely professional. May also be able to tour/play shows as well. They will be releasing a full length at the end of the year in which they will be extensively touring/playing shows to promote it. Influences include but not limited to: Deftones, Hatebreed, Five Finger Death Punch, Mudvayne, Pantera etc. If you or anyone know anyone that could be interested send them our way!
