Are you tired of the long search for an excellent learning and growing space for your little prince and princess? Are you tired of coming up short? Have you continued to search time and again only to find that the words in the advertisement were used to get your attention only to leave you disappointed onsite when you get there? Search no more. Excellent childcare is not just a fairytale! You found your happily ever after of true learning and growth potential right here!

I treat my families like family and at Prince and Princess Castle Early Learning Center and Old Time Nursery. Your family is my royal family and you get all the perks of a daycare center with all the benefits of an in-home setting.

I found the world of childcare was a scary place. I knew before I had my own kids that I loved children and wanted to use my time and efforts to not only improve the quality childcare available to Hardworking Parents Like You but to also improve the world of the children I care for. I have dedicated 30 + years and 800+ sq. ft. of my home to an intimate and educating space for all of the little prince's and princess's to learn and grow. We focus on getting your child ready to enter the world of school for kindergarten. Why look for preschool when you already have one here. Starting in February we will be enrolling our families in Early Head Start Program. Early childhood development is key and important. We feel each family is unique and we tailor our services to your needs. So stop finding mediocre care. You have finally found a place where excellent childcare is no longer a fairytale.
