I have photos of what I'm willing to do with my hair  
 what my hair is like now  
 I feel like my hair is 3 different tones from black dark brown and light brown  
 I'd like some sort of over all rich brown  
 I'm not willing to go shorter with my length I'm ok with a trim.  
 I previously had a friend just do a horrible color job on me so  
 I'm looking for a fix and I figured id see if their was any takers  
 Since I see adds seeking hair models all the time.  
 Just feel free to send me a email and a little information  
 About where,when,and so on
