Hi, my name is Huei-Mei but you can call me May. I have played the flute since I was 10, and speak English (and Chinese!) fluently. I completed my Doctorate of Music-Flute Performance at the University of Minnesota, Twin Cities campus and my Masters in Music-Flute Performance at the University of Miami, Frost School of Music.

I've been teaching flute for over 10 years. I structure my lessons, so students learn what they want to learn, while also building a strong foundation of flute skills. In general, some lesson topics include: 1. Why an excellent tone matters 2. How to accurately interpret music 3. How to improve technique (e.g. fingering, vibrato, tonguing,) 4. Why your breathing may be wrong, and tools for improvement

I encourage my students to set their own goals and help them develop a passion for music. In addition, emphasis will be placed on performing the flute most naturally and using the least amount of effort, with a special attention to the basic principles of the 'Alexander Technique,' which professional musicians use to perform. Students will also have a tool to improve their breath control available during their lessons. I love

working with students of all ages and experience levels and I can't wait to meet you!
