

Free American Short hair cats (oakland park)

Location **Florida**
<https://www.genclassifieds.com/x-259301-z>

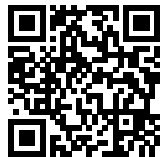

We have 2 American short hair cats roughly about a year old each. The bigger one with more white is Garland and the smaller one with more black is Tinsel. Unfortunately we have to find them a new loving home and you will have to be willing to take them both since they been with each other since they were just 3months. My wife and I are expecting a child and we have to make some changes to our living situation which includes moving and we can't bring them along. Please text me if you're willing to adopt them from us, they have their rabbies shots and have both been spayed as.
