I am a mature business owner from Northern VA. My company is starting to do business on Oahu so I am looking for a private convenient place in or around Waikiki where most of my meetings will be taking place. I'm looking to pay around \$1,000 a month but if the location is ideal then I would consider more. I am currently in Tokyo and will be arriving in Oahu on or around the 15th of Feb.

Please email me or text my cell phone if you have a place available. Thank you.

P.S. My company deals with renewable energies such as Solar Technologies, LED lighting...
