

I am in desperate need of a home (indianapolis)

Hello,

I am in great need of a 2 or 3, bedroom apartment or home. I was supposed to move in a home and the owner last minute changed his mind about renting it out because of the cost to take off the market. I had to put everything in storage and I am still looking for a home. I would love to find a home where I can work for the deposit or discounted 1st month's rent. Thank you!
