WHAT WE'RE LOOKING FOR:

This is a partnership/team oriented start-up. The pay obviously isn't a substantial amount given the current age and stage of this company - but this could be a great opportunity for an enthusiastic partner for this team.

Analysis indicates that our particular market coupled with our unique and effective services could allow this company to expand at an exponential rate within the next 2-5 Years; proving that this may be the perfect opportunity for the perfect person.

If you're willing to work with a very enthusiastic team that strives to bring the best services to the best clients possible, please contact us at -

We've been officially on the web providing online services since mid 2014 and since have generated a loyal and growing following via our website - BrandBlast.net
