IF YOU LOVE EDM (ALL OVER)

Are you in love with Electronic Dance Music (EDM)?

Do you listen to mixes, sets, and mash-ups all day, every day? Whether you're working, studying, working out, driving and even sleeping?

Do you wish you had a group of people that shared your passion for EDM?

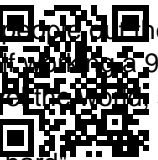

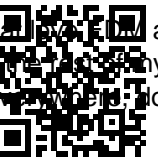

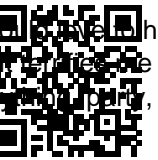

Do you constantly search for new music?

Do your friends call you first for new music and the weekend club bangerz?

My name is Jesse, I am 25 years old and I am the person described above. I LOVE all types of EDM; progressive, trance, deep house, dubstep, and on and on and on!!! You'll often catch me at shows all over Minnesota (Yes. . .Minnesota), Arizona, and of course Vegas! You can hear me blasting this shit from my car miles away at 8:00 am on the way to work or 3:00 am on the way home from the club.

I'm looking for people that not just like but have a LOVE for EDM to start up a social networking EDM group/page.

Now, you must be thinking "why is this RANDOM guy posting to RANDOM people about this"?

Because I know there are people out there that love EDM and want to have a good time when, only that I never in my life... Once I found one of these people. I decided to myself to work 9-5 for the rest of my life. I decided to throw away my boring job where I get paid less and I have to get to work. I actually started to travel and I would see everyone and do everything I could, and I decided to do it myself. I chose to do it myself.

Ever hear "work hard play hard"
That's not my motto
"Work hard play harder" is a little more like it for me

So I'm looking for creative, motivated, intellectual EDM lovers to join me to make this dream a reality. The best part, THIS IS NOT just MINE, THIS WILL BE OURS!!!

From the ground up I want to work with a chosen few to begin working on a great page that may one day adapt and change in to a MONSTROUS SOCIAL EPICENTER for the EDM MUSIC AND LIFESTYLE.

I am looking for all talents. If you can bring something to the table I want you there.

We have spots for dj's and producers, social media marketers, promoters, designers, videographers, photographers, investors. Anything and everything as long as it will push US FORWARD.

This is the time to hop on and make things happen. EDM is still on the rise and we can be there to burst the HELL of the EDM BUBBLE!!!

If interested please email me back with the heading EDM OPPORTUNITY.

Attached to or within the email please include;

1. A little biography about yourself.
2. Your favorite djs and producers, songs or sets. (Soundcloud links or Youtube links preferably)
3. If you attend shows or clubs.
4. Where you are located.
 - a. Nothing specific, but I am looking for people all over the country and even the world.
5. A Facebook link if you would like. (I will send like in return)
6. Ideas of your own.
7. Feel free to ask questions. I'm still asking questions myself. Let's figure them out together.

I am on Facebook. That is my main social network and I would love to add people interested in joining me. So send a link and I will respond with;

1. My Facebook link
 2. A biography about myself
 3. My favorite songs, producers and anything EDM related.
 4. I will also respond with one or two ideas of my own and I would love to hear your thoughts on it.
 5. I will also look at your ideas and give a response on those.
- Again, I have soooo many ideas I'd like to share with OUR TEAM. And I would love to hear all of your ideas.

Thank so much for taking the time to read about my dream and I hope you will be a vital part of making it come to LIFE!!!
