

Local fishing knowledge (Gautier)

Location **Mississippi**

I just moved here and I'm not sure where to start. In South Florida I can go anywhere and catch pretty much anything I want... I grew up there and could fish before I could walk.

Here I have no idea where to find bait, or even what to catch for bait. Then I wouldn't know where to fish. I wish I had brought my (little aluminum) boat with me. Will someone talk to me and help fill me in? I'm interested in both salt and fresh. There are even fish here we don't have where I'm from. I've only seen them in books or aquariums. If anyone thinks they can help me learn, please email me.
