

2 Leopard Geckos with set ups (Gulfport)

Location **Mississippi**
<https://www.genclassifieds.com/x-259697-z>

We have 2 leopard geckos with complete setups. Each gecko must be kept separate or one will bully the other and the weaker one won't get to eat and start to wither.

Set up 1 consists of a 20 gal aquarium, a hide, heat bulb and a gecko. (Picture of gecko on towel)

Set up 2 consists of a 10 gal aquarium, a tank lid, a hide cave, heat bulb and a gecko. (Picture of gecko on rock)

They are both about the same size and approximately 4 months old and readily eat calcium dusted crickets, wax worms, Not meal worms and fruit baby food.

We are asking a rehoming/adoption fee of \$40 for each set up or \$70 for both.

The stainless steel bowls are NOT included in this...they belong to the
