Custom Pontiac Solstice

Custom Functional Side Fenders
Custom Dual Exhaust Fascia
18" Driv Wheels (Custom Two-Toned Paint)
245/35/18 Toyo Proxy-4 Tires (Approximately 7 months of use on them)

Suspension:

World's Only Air-Bagged Solstice
Customs One-Off Air Bag Struts
Accuair E-Level Automatic Leveling System
Accuair E-Level Touchpad Inside for control over entire system
Accuair I-Level WiFi Controller for your Smartphone (Yup, you can control the car from your phone)
Accuair Ride-Height Sensors
Accuair Exo-Kit (mounting system)
5 Gallon Accuair Tank
Dual Viair 400c Compressors (stage 2)

This system is the perfect setup for those who like the look of lower cars but don't want to worry about ruining the car by running over curbs/speed bumps/etc. On Start-Up, the car automatically goes to Ride-Height, and with the touch of a button you can go to 'Freeway Mode' or 'Show-off mode'. If someone else gets into the car, the Accuair system will automatically adjust to the correct height in seconds. . .you don't have to touch a thing.
