For those of you looking for housing to rent. The rent prices in this area (Williston, Watford, Dickenson, Sidney, etc. have gotten very expensive. You can buy a new custom home for sometimes half what you would pay for rent.

I work for a company here in Williston (Homestake Homes) We specialize in getting homes for people who have been turned down by other lenders and people with poor credit ratings. Maybe you could be the landlord. Instead of having roommates, you could have tenants?

Please allow me to help you. Its a very quick and easy app process and it's free.
