The Revel Ultima Studio2 is a floorstanding design featuring all of Revel's latest technological innovations and enhancements. The Studio2 adopts a similar approach to the Salon2 but in a more discreet physical package. A three-way system utilizing two 8-inch woofers, a 5.5-inch midrange and a 1-inch tweeter, the Studio2 carries the graceful look of the new Ultima series. A somewhat smaller size makes it ideal where space is limited or for applications that don't require the massive output and bottom-octave footprint of the Salon2, but uncompromised performance is required.
