

Agile AL (3001 USD)

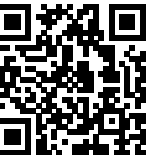

Location **New York**
<https://www.genclassifieds.com/x-260097-z>

Up for sale is an Agile AL-3001 - this bad boy comes loaded with features like a flamed maple top, solid mahogany body, ebony fretboard, abalone inlays, triple-ply binding and stainless steel frets!

The guitar is in excellent shape, just a little grime on the pickup covers (that can probably be cleaned up rather easily.)

The only reason I'm selling her is because I need to thin out my collection. It's an excellent guitar and for the money, you really can't go wrong!

- Here are the specs:
- Solid mahogany (not a multi-ply!) arch top body
 - High quality Canadian maple top (100% genuine wood top - not a photo top!)
 - Triple bound body and headstock
 - Single binding on neck
 - Graph Tech NVS2 bridge with string saver saddles
 - Improved nickel plate hardware, including nickel die-cast Grover tuners with 18-1 turning ratio for ultra fine tuning (Model 102-18N)
 - Two Type V Alnico humbucker pickups for that warm, traditional sound
 - The guitar comes with improved wiring, improved pots (now higher voltage with brass shafts for reduced noise), and an improved pickup selector switch
