This very sweet and friendly boy needs a home. He is a 2 year-old lab mix who was picked up by animal control in Sanford, NC. Shelter staff and rescue workers report that he is a great dog and will be a fabulous pet. Please hurry to the shelter to meet him. He will not last long due to high volume of incoming dogs. It would be a shame to lose him. Feel free to call me for more information. Sponsorship money available to help with vetting with short adoption application.

NC driver's license and appointment for spay/neuter faxed to shelter are the only things necessary to adopt from this shelter.
