Hey Everybody. I'm a singer and guitar player seeking a bass player and drummer. Would like to assemble a three or four piece band. I will handle lead vocals and guitar work. I am 42 yrs old and have 32 yrs playing experience. Interested in playing covers and originals. Electric and acoustic. Contact me for a link to some of the samples on my Facebook and Reverbnation. I specialize in playing classic covers that people forgot they loved. All are hits but none are typical. My originals are of the same rock genre. For example; The Beatles, The Rolling Stones, Colin Haye, INXS, Don Henley, The Black Crowes etc. Ask around I have a pretty good reputation in the area. Oh yeah my name is Pat Page. Hope to hear from.
