Adorable miniature sofa for the *Spoiled* er, I mean, *Loved* Dog....haha....

I had gotten this for my little 10 pound Silky terrier, but she is just a bit too big to stretch out comfortably on it, so there is no use in keeping it any longer. I have only kept it around this long because it is hard for *me* to let it go...it is just so darned CUTE to look at! Looks just like the real thing! But we have another now, so I can now let go of it...

It is still in new condition, with the tags.....she may have hopped up on it a couple of times total, to check it out, but it ended up just sitting there. I was able to find one that fits her better, so we won't be needing this one.

The cover unzips & can be washed.....The back & wrap around side area is faux leather, with a pouch on the back to store toys, or whatever (a doggie TV Guide, or perhaps a TV Remote Squeakie toy....LOL).....the front area is soft, velvety material. I can't say enough good about this...it looks so much better in real life, as shadows & the faded pictures make the cushion look all warped & rumped.....it doesn't look like that in real life. It is actually a deep, rich brown color. Also, it may appear larger in these pictures than it actually is, so check the measurements.....it's not all that big, but looks *huge* in the opening pic. (It's not tiny, just not as big as it may appear)

Measurements: Total outside frame is 25"L X 15"W, but the inside cushioned area is only 18"L X 11.5"W

1lb. dog...it's big, I'd say...it will be more than fitted for a small dog, but much smaller than a dog...it's probably not any of the smaller breeds...it's a beautiful chocolate color...it's soft, plush, & velvet. The back is the best thing...are very expensive new off the internet. (I've seen this particular one priced upward of \$139 + shipping! For real...hey, it's a real*sofa, in miniature...but seriously...this would look daisy in any living room!)

Call Debbie at 939-2036....phone calls only. I am located off of Hwy 55, approx. 4 miles north of State.
