

6yo Australian Shepherd Mix for Adoption (Portsmouth)

Location **New Hampshire**
<https://www.genclassifieds.com/x-260415-z>

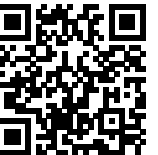

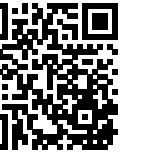

Hello, my name is Galileo, but my friends call me Gali. I am 6 years old and weight about 42 lbs. They tell me that my mom was an Australian Shepherd, but I look like I have some beagle in me also. I love running and being outside, off leash. My herding instincts are strong. I most enjoy hiking and being of use (being a working dog is part of my breed). When we go hiking, I will stay close on the trail and will always have an eye on where you are so I do not get lost. I am house trained and have successfully graduated from obedience and agility class. I have two younger [human] siblings at home (aged 1 and 3) and although they are cute, I do not get into their business much. However, I do let them play with me.

My parents have had some changes in their jobs and no longer have the time to to give me the TLC (exercise/attention) that I look forward to. I DO NOT want to walk around town on a leash, hang out at doggie daycare or in a fenced in yard. I want to run on the beach chasing birds and up mountains. There is nothing better than a day of hiking to tire me out! I also enjoy just hanging out with my parents. If they have to go for an errand, I am happy to keep them company! I travel well in the car.

I want someone to love me as my current parents do, but also have the time to give me the attention that I crave. Email my parents if you have any questions.

There is a \$50 rehoming fee for me which includes all my toys, food, bed, etc.!. I come with vet records showing that I am the epitome of good health, have been neutered, and have all my shots up to date.

Thanks for looking Galileo
