"Kurt sang at our wedding ceremony yesterday and one of the first things we wanted to do is write a review because we are so happy. From the booking through the planning to the day of the ceremony Kurt kept in great communication, was very willing to work with our requests, went out of his way to understand and provide exactly what we were looking for. Kurt learned two new songs for our ceremony - all we had to do was tell him the songs and he sang them perfectly. He also played and sang other songs as guests were arriving and set a great tone. And he is an all around nice and kind guy to work with. You can totally trust Kurt to do a great job!

 "Kurt was a HEN OF THE MONTH from the tri state area community. He was extremely professional and accommodating. He worked closely with us and learned a specific song that we wanted sung during our Second Ceremony. He even sent us a recording beforehand to make sure that we were satisfied. He highly recommended Kurt, his singing and playing the guitar added that extra touch and made our ceremony absolutely BEAUTIFUL."

"Kurt played the music for my wedding ceremony. I couldn't be happier with my experience with him."

Besides being a talented musician, he's been such a professional, accommodating, responsive and helpful during the planning process. He went above and beyond by playing extra songs as my guests were seated. He learned a song at my husband and I's request and sent it to us to listen to prior to the wedding. He was at the venue early and dressed nicely. Several of my guests came up to me after to ask how I found him and comment on how great he was. I would HIGHLY recommend him for anyone looking for a musician for their event."
