 of SUVs being the size of a tank and handling like one. This Jeep Cherokee is a perfect example of how
 SUVs have evolved into vehicles that are as refined as they are rugged. Equipped with 4WD, this Jeep
 Cherokee gives you added confidence to tackle the surface of any path you take. This gently driven
 vehicle has been well-kept and still has the showroom shine. Added comfort with contemporary style is
 the leather interior to heighten the quality and craftsmanship for the Jeep Cherokee More information
 about the 2014 Jeep Cherokee: The Cherokee is a compact SUV competing with vehicles such as the
 RAV4 and the Honda CR-V. Unlike its competitors from Toyota and Honda, the Cherokee has been
 around for a long time and has steadily built a reputation for ruggedness and off-road ability, all without

forcing buyers to break the bank. The 2014 Cherokee maintains this tradition with competitive pricing
 starting at just under \$20,000. While the Cherokee and its competitors are built to go with all types
 of terrain, the Cherokee is also equipped with more hard-to-find loading equipment such as
 bike racks. The Cherokee is itself a great example of available equipment to drive, roam, work, bold
 and more. We at Siemer and Gen Classifieds are proud to have this vehicle for sale.
