

Unique Antique China Cabinet (500 USD)

Location **New Hampshire**
<https://www.genclassifieds.com/x-260535-z>

This very unique china cabinet was an antique when I purchased it way back in 1977. The knobs on the drawers and doors are quite unusual as each one has a different scene painted on them. They are quite interesting. It measures 69 inches high, 36 inches wide and 17 inches deep - out from the wall.
