I am looking for a Graphic Designer who is interested in taking on another client. I will have children soon so I cannot continue designing for them. Pay is at 13 dollars an hour or at a price-per-project basis. (This can be discussed.)

Need to specialize in InDesign and be great with layout and typography. You will be laying out books with images and text, for the most part following the same style of the layout in previous books which have already been created. Hours are flexible as long as deadlines are met. (Yes they are definitely realistic.)

At least once or twice a week must be able to meet with the client who is located near Nellis and Charleston (East Las Vegas). Please send me a link to your portfolio so I can see what you are capable of doing. Loads of designers seem to only specialize in illustration and aren't proficient in InDesign/Layout & Typography so this is why I.
