large neutered male Shepherd/Husky mix got away from owner at the rest area just east of exit 314 on Friday. he headed south from the rest area but attempts to find him have failed. Had a report of a probable sighting on Sunday morning a couple miles west of Grand Island exit 312, sitting in the ditch next to the fence on the south side of I-80. He had a collar with phone numbers and tags when he escaped but may have lost it, he is also chipped but info may not be current. His name is Leo and he is friendly but probably scared. Brown/Tan with black highlights and darker muzzle. If anyone finds him or sees him please call me at

anytime..... His family is moving from Wyoming to Illinois and lost him....
