Clear Stone Models is looking to bring on new models into our line up. We are looking for either experienced, or brand new faces. With joining Clear Stone Models (CSM) you'll get a new portfolio, representation for paid shoots, as well as placed into a network of working creatives looking for models.

Unique business structure! We aren't in this to get rich, we are in this to make great art and help get careers started! We will represent you, and you pay what you feel is fair, if anything. We know there are a lot of great gigs out there, and we want to help you land those! We also know there are some shady photographers, and we want to protect you from them.

Email us some information about yourself as well as a couple pictures, and we'll reach back out! We look forward to hearing from you!

UPDATE: We will be in Fargo next Monday night and Tuesday, looking to fill some!
