I work at home. I need someone to come in for 6-7 hours the next few days to help me straighten up the house - water the plants, do some dishes, wash some clothes, make some beds, etc. - and to help me straighten up the office - organize my garage and supply area, do some filing, run some errands.

\$10/hour. It could be part-time long-term for the right person. I live about 15-20 minutes south of UNC-Chapel Hill down 15-501 going towards Fearrington Village and Pittsboro.

Please send me an email with a resume if you have one and a note that says why you want this job and what people who you've worked for would say about you.
