hello

we are a progressive melodic post hardcore band called be still.

we are looking for a bassist. vocal abilities would be a plus

do you have good gear, and great attitude, and a passion for music? this is the band for you.

do you want to play classic rock, covers, or country? while there is a time and place for that, this probably isn't the band for you.

we all have day jobs and lives, but music is a big passion of ours and we are looking to share our music with whomever will listen.

we have demoing capabilities and a practice spot

please feel free to text or email me

https://soundcloud.com/bestill-4 theres the link to our music, please listen before contacting thanks guys
