I'm looking for a roommate to share my 2 bedroom apartment. You would get your own room. Bathroom and other living space is shared. I'm a simply person so the apartment is not really decorated but you are more than welcome to decorate it. Includes parking spot in double stall garage with opener and in unit laundry.

Cat is welcome and negotiable. No smoking, no liquor and no parties. I'm thinking rent would be around 375 with utilities included. I don't have cable but I have Internet.

It's a Goldmark property and you would pay the 25 dollars to pass credit and background check in order to be added to lease.

If interested is best to text me.
