Sober male working 12 step program (aa) looking for sober home that will take me and my little dog...basset hound. I am 50 years young and have been in the trades for 36 years. I am a responsible, quiet, laid back, caring individual that wants No drama!!! I will be back in town on feb.6. I am a clean person used to being in a clean place. I am not looking for a group home or halfway house. I would prefer not to live with a bunch of guys. I love family settings, animals, and kids. I can pass a background check without reservation. I work, have my own vehicle, and am very mechanically inclined. I am also willing to do repairs on the home as well if needed. If you have the need for someone to help with an elderly or handicapped person I have experience in this as well. I have taken care of post surgery and hospice patients. Not a fun job but compassion conquers many situations. Thank you for your time and consideration!!! :-)
