A recent guest posted this review on the top internet travel site: " The beach allows very long walk and yes you can keep your bag on your chair without any worries as the bar staff and the security are always around. After the second, I did not even have to asked for what I wanted for drinks! The guy was always

bringing me my bottle of water and my Pina Colada! No one bothers you on the beach to purchase a drink and you can go to the restaurant, security, Del Carmen restaurant on the beach and enjoy the view while going back and forth next to me with my life preserver! "
