## **Kratom**

Location **Oregon** https://www.genclassifieds.com/x-260945-z

Kratom leaves have recently gained popularity as one of the most powerful and natural medicinal plants for pain. I have well-loved, organic, well-rooted clones to offer those in need here in Portland. Normally, these sell for fifty dollars or more online (as they are particularly hard to propagate), but only if you can find them in stock. A Kratom plant is a great investment for your future! Give me a call and let me know when you would like to pick up this wonderful plant.

Common Name: Kratom Mitragyna speciosa
