Female models are needed for couples fine art photographic work. No nudity is involved. These are largely torso images, so faces won't be seen or will be turned away from the camera.

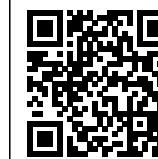

Looking for models serious about creating the art and the images and getting some great photos for their portfolios.

Must be at least 18 years of age and comfortable with couples work.

For samples and details, please reply with the following...

Your age, an email address, a recent full length photo, and what, if any, experience you have.

Replies without this information will be.
