

Lab mix needs a home (NW OKC)

Location

Oklahoma<https://www.genclassifieds.com/x-261068-z>

Brownie is about 3 to 4 year old lab mix. We think she may be part Boxer too. She is very sweet and playful. She wandered into an office building and no one could take her home. She is current on her vaccines, tested negative for heartworms and intestinal parasites, and checked out well on her physical exam. She is current on heartworm and flea preventive and has been spayed. Please call Sandra with any questions or if you might be interested in adopting.
