Hello!

I am a 32 year old mother of one sweet 15 months old girl available to nanny another child. I stay home with her everyday of the week. We live downtown.

We spend our days at the park, DMA or library along with learning at home with books and constant educational communication. My hours are flexible. My experience includes cognitive education for children with motor disabilities (infant to teens), in home care taking of a 5 year old cerebral palsy boy. I potty trained and help him with behavior problem with my special touch of love and natural teaching skills. I've also babysit many children growing up within a large family. I love to teach and exercise children's mind. I believe they are capable of so much when you show them and interact with them. I'm married and my husband is out working during the day and evening. I also meet up with other mothers and children frequently through the week. I'm very into a natural and healthy environment. We clean with natural products. Call, text, or email for additional information.

Thanks,  
Sheena
