Hello,

I am looking to bring a couple more children into my in home childcare conveniently located in Williston. I have been working with children since I was 16 years old and I am a qualified Head Teacher with a college degree. I have been working in centers for the past 6 years and I also had my own in home center before I started working for centers. I took lots of child development classes in high school back in 2004 and the greatest experience of all is I am a parent of my own. I have a 7 year old and a 2 year old, you name it I have experienced it! I believe children learn through play, which is why I create a structured yet enjoyable day for my children. I allow them to get dirty, to use their senses, and to explore! I create our day based on their needs, wants, and interests. I believe discipline should be positive redirection. I have worked with all ages from birth to 12 years of age! I am fun, outgoing, creative and responsible. I have many recommendations and references that I am able to show you, I have letters and phone numbers of people you can call. I know how much of a struggle paying for child care can be so I offer very reasonable rates and I am willing to work with families. If you are interested please feel free to contact me with any!
