

Community Center looking for childcare help (Burlington)

Location

Vermont

<https://www.genclassifieds.com/x-261223-z>

We are a creative community center looking for occasional child care help! We host several children's events every month, parents night out, as well as after school programs. This summer we will be hosting summer camps through most of July. We are looking for experienced education students, or recent graduates to help us.
