For sale I have a Yamaha kodiak 400 4x4. This atv has been lifted by previous owner(not sure how high) measured from the ground to seat is right at 3ft. 4x4 drive is on command. As with any atv there are gonna be scratches and there is a small piece of plastic broken near transmission but not noticeable unless your searching for it. This four wheeler has plenty of accessories including;

- 27 in swamp fox tires
- Snorkel system install and radiator moved on front rack
- mounted winch with extension cable
- two speakers that play radio and USB media
- two-gun holder
- hand guard
- also includes service manual

Very nice ATV Asking 3300 no trades. If you're reading this ad I still have the atv and don't ask my lowest price.
