

# DOG WALKING OR SITTING (Kensington)

Location **Pennsylvania**  
<https://www.genclassifieds.com/x-261380-z>

I am currently in between jobs and I'm looking for some work with dogs. I have a ton of experience working with dogs of all sizes and breeds, and have letters of recommendation on hand. I was previously employed with ACCT Philly but resigned for personal reasons and am now back on the job hunt. In the mean time I am available to walk your dog or pet sit. I have experience medicating animals (shots, pills or iv) I am also familiar with a few training techniques as well. I am open to bathing and clipping your dogs nails, but have no experience with hair cuts. I competed the CARES animal hospital animal first aid course and I have worked in a doggy daycare before and am comfortable with handling more then one dog at a time.

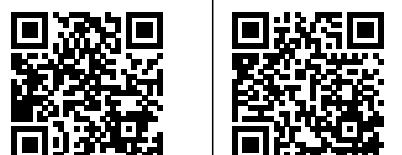

My prices aren't set in stone and I'm really just looking for a way to stay a part of the animal world and make some cash while looking for new employment! Please email me with interest.

I do not drive but I do have a bike and am willing to travel appropriate distances. I live in Kensington but know the Mayfair, portrichmond, fish town and northern liberties areas very well.

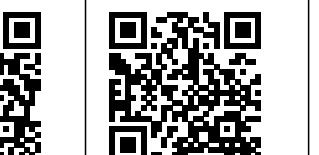

Hope to talk!
