Oil has moved over 42 points since June 2014. A \$4400 investment in June 2014 would be worth \$43000 today. Gold has also produced dramatic profits during the same time period. The US Dollar in on a prolonged uptrend.

Min investment is 1k: via Paypal however we do suggest up to 10k.

We know how difficult online transaction can be therefore we have chosen to partner with PayPal and Google since they are the most trusted third party merchant on the net- You can fund your account with a credit card!
