Looking to enjoy Burlington this Summer? Live in the soldout redstone lofts! I need a sublet starting May 1st and ending July 28th. Currently paying \$775 a month plus about \$30 a month in electric. Willing to negotiate pricing. This is a three bedroom in the north building. The bedroom being rented out is on its own side of the apartment with a private bathroom. The other two bedrooms are on the opposite side, providing the most privacy. Another huge plus, the apartment is completely furnished! Looking to sublet as soon as possible. Email me for more!
