Hello!

Our company FindToto.com is a national missing pet alert system that works very similarly to the commonly known "Amber Alert" used for missing children. We originated this Patented service in November of 2007 and have a fairly large online presence. Our alert service is provided in 48 states (Alaska and Indiana excluded), and our new goal for 2015 is to create a larger online and physical presence, which means we need Toto Sales Reps!

We will be hiring one Representative per state and this Rep would receive commissions for said region. The ideal candidate for this job would be someone that already has a relationship with an animal shelter, rescue organization, (maybe you are already a volunteer) or currently employed by a vet, shelter or Humane Society. Being a Toto Rep is all about having relationships with these core groups so please only apply if you are already employed by the aforementioned above.

Toto Rep's will be interacting with employees, volunteers and lost pet owners in the businesses listed above. We will ideally hire a pet lover themselves, with the ability to be sympathetic to heart broken and frantic lost pet owners. Being personable with a high level of communication skills is imperative. Find Toto's services are still a new concept to many people and being able to explain how and what we do is crucial.

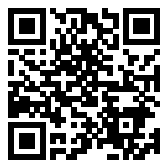

"How many lost pets are there really on a typical day at the local animal shelter?" Answer: Between 200-300. Most owners report that they find out about their pet only 24-48 hours after they find the pet. It takes about 10-15 minutes to post a pet on our site. Our service will be a great engagement. You may would be compensated on the amount of (Missing Alerts) ordered per week in your region. Please reply with your resume attached.

100% commission - 1099 Independent Contractor.
 Please check out our site and learn what we do before contacting.
 "AQ is a great spot to get the basics" www.FindToto.com
 Please ONLY apply if you meet our description.
 We look forward to hearing from you and becoming part of Team!
