Hi ladies!!

Wanna get that long and thick hair, you've always wanted, in as little as a couple hours... I am here to help!

My name is Ashley and I am looking for new clients who are in need of extensions.

- micro beaded weft \$150
- tape in's \$150
- glue in's \$125
- micro beaded cold fusion \$250

All maintenance after installation is \$75 to \$100. I have all the equipment needed and have different colors in beads for all hair colors. As well as thread for the micro weft beaded.

You provide the hair, and I can do what you need!

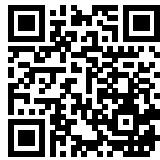

I currently like to combine two types. I found they last longer and are easy to maintain yourself. I do my own hair and do glue ins with a few micro beaded tips. And it feels good too. No bulky and noticeable at all.

I have a piece of a ponytail that I want to do with it and I don't really know what to recommend.

In this situation, I would go with this style. I would use tape to go over it and make the extensions last the longest.

Also, I will let you feel the new extensions and if anything doesn't feel right, I will make sure you leave happy and more confident than when you sat down ;)
