Yes, I'm More than just a handy man, in simplest terms I am general contractor that's not as busy as I would like. I am looking for projects / work that needs attending too. What is it you have that's not right for you? I have lots of experience in a many areas of life's construction to dos. I have been around in my 40+ years doing this and that in the construction trade arena. I have been a major contractor which had my hands on a lot of projects that weren't quite right that needed fixed. Maybe you happen to need a valued opinion and or a second opinion or just want to figure what it's is going to cost. I can do that. Let me help make your life better by fixing those things that need fixed. Trust worthy, Reliable, Cost Conscious. Local to the greater Olympia area, but can travel if it works out to be cost effective. Drop me a line and we will go from there. Thank you for your..
