I am a Renaissance Man, Director of Estates, Director of Properties, Chief of Staff. An overall can do most anything professional EM. Looking for that family or person that needs that special someone to aid and or keep a handle on running their estate property (s), home, farm, ranch etc. You can call me a jack of all trades; I'm even a commercial helicopter pilot. Over 40 years in the know, so I know a thing or two in what it takes to keep a large estate in shape and running smooth, both financially and mechanically. I am trustworthy, respectable, honorable, compassionate and discrete in all aspects of the family unit. I have the skillful expertise and mindset in what it takes to be an excellent choice to be your estate manger, property care taker. I can work part time or full time, I would prefer to have a full time commitment. I'm here to make your life better. Contact me here to get a detailed back ground on what I have to offer. From that communication we can get to know one another.
