I am a professional, educated male in my early 40s, I am a non-smoker, social drinker with no children or pets. I am looking for room to rent, with preferably a queen-size or king-size bed. I am a straight male, who is outgoing, confident and easy going. I would prefer a room with a private bathroom as I normally go to/from the bedroom to/from the bathroom in my underwear or nude. Otherwise, you would have to be comfortable in me going from my bedroom in my underwear or nude. I would prefer a month to month, but a 3, 6 or 12 month lease would also be acceptable. If you have any questions, please.
