Hey whats up, I am a professional wedding photographer here in Providence and I would like to start working with bands for their photos. I have a variety of styles that I play around with and am looking for Solo artists, Metal bands, Folk anyone. I want to get you professional photos that look great to promote you.

So I am offering to do a photo shoot for \$100. For the first three bands that reply.

You need to have been a band for at least 6 months.

You also need to have played 3 shows.

I used to be a band promoter for a small venue in Illinois, and know how the scene goes. I want to work with people who are serious.

So let me know. Here are some photo from a DJ shoot that I was working on while living in Kansas.

And one self portrait.

A majority of my work is more natural light, not as highly retouched. But I like to be.
